Summary

Experienced **Flutter Developer** with **4.5+ years** of expertise in Flutter, Dart & Java. Proven ability to develop cross-platform mobile applications with rich user interfaces and smooth performance.

Experience

Infosys

Associate Consultant

Noida, Uttar Pradesh

Aug 2025 – Present

- Developed and maintained **Aaykar Setu**, a national mobile app by the **Income Tax Department** offering income-tax acts, rules, circulars, due-date alerts, and office locators.
- Set up Apple App Store and Google Play Console developer accounts for **ITD** and managed end-to-end app submission, signing, and production releases across iOS and Android.
- Implemented push notifications via **Firebase Cloud Messaging (FCM)** with topic and condition-based targeting for Tax Calendar reminders and What's New alerts on new Acts, Rules, and Notifications.
- Built location-based Locators using Google Maps and Geolocation APIs for nearby Income Tax Offices, Aaykar Seva Kendras, and TRPs; integrated **Kar Saathi**, an AI-powered bilingual chatbot.
- Ensured **GIGW 3.0 accessibility** compliance through semantic labels, screen-reader announcements, and reusable accessible widget wrappers.

uCertify Training and Learning

Flutter Developer

Prayagraj, Uttar Pradesh

July 2024 – July 2025

- Developed and maintained **uCertify Learn+**, a cloud-based e-learning platform offering interactive courses, hands-on labs, and test prep tools.
- Designed and built **AI Tutor**, an AI-driven learning assistant enabling course-aware query resolution, contextual quiz generation, and personalized explanations.
- Improved **LMS integration success rate by 20%** through robust app link / universal link handling.
- Integrated **Firebase Analytics** to track detailed student engagement metrics, including daily screen time, and visualized insights through **BigQuery** dashboards for data-driven decision making.

Zimetrics Technologies

Software Engineer - 3

Pune, Maharashtra

Aug 2021 – Jun 2024

- Developed and maintained **Carelink Connect**, a **healthcare app** for diabetic patient's care-partners.
- Reduced **app size by 10%** through asset optimization and moving localization files to the server, leading to a **15% increase in downloads**.
- Increased **app performance by 10%** through the implementation of BloC state management with Clean Architecture, by **reducing API calls by 10%** and implementing response caching to support **offline-first** functionality, leading to a **1.5x increase in positive app reviews**.
- Led the development of **push notifications**, including **repeating notifications** to alert users of **critical updates**, enabling care partners to promptly respond to patients' needs, resulting in a **20% improvement in app usability** and **enhancement in customer experience**.
- Conducted thorough **code reviews** prior to **deploying apps to production** on the Play Store and App Store.

Skills

Languages: Dart, Java, Kotlin, Python, SQL, C, C++ , Hindi, English

Technologies: Flutter, Android, iOS, Android Studio, XCode, Visual Studio Code, Git, GitHub/GitLab, Postman, CI/CD, AWS - S3, Lambda, Google Play Store, Apple App Store & TestFlight

Frameworks & Tools: Provider, BloC & Cubit State Management, Push, Local & Scheduled Notifications, Clean Architecture, Firebase Messaging, Authentication, Database, Crashlytics, Analytics, RESTful APIs, SQLite, Floor, Hive, Dependency Injection, GoRouter, GetIt, Platform Channels, Streams, Dio, Http, JSON Serialization, Unit & Widget Testing, Mockito, App Flavors, App & Widget Lifecycle, Native Android, socket.io, Responsive UI, UI/UX, DevTools, Inspector, Third-Party Libraries, SOLID principles, Agile, Jira, Confluence

Education

Master of Computer Applications, MCA
Shri Krishna University

July 2021 – July 2023

Bachelor of Computer Applications, BCA
Allahabad State University

July 2018 – May 2021

Projects

- **Writer. – Assignment Writer (Personal Project)** | [Play Store](#)

A handwriting-conversion tool that turns typed text into realistic handwritten assignments with custom fonts and PDF export; **300K+ downloads** on Play Store.

- **Aaykar Setu, Income Tax Department** | [App Store](#) | [Play Store](#)

A national mobile app by the ITD offering income-tax acts, rules, circulars, due-date alerts, and office locators.

- **Carelink Connect, Medtronic** | [App Store](#) | [Play Store](#)
